

REPORT FOR EXECUTIVE: THE WAY FORWARD REGARDING THE INSTITUTE AND SACLAP

It is recommended that an approach be made to commence discussions with South African Council for Landscape Professionals and our Institute.

That the sub-committee be made up of Mr. Shane Paul (Education & Training Committee), Mr. Michael Leech, Mrs. Maliga Naidoo and Mr. Enver Buckas (National Examinations Board).

That these members strive to get the syllabus of the National Examination Board accepted as the criteria for acceptance as a professional. That attempts also be made to get representation on the Council and a change to the legislation in this regard.
